LA SCELTA DELL'ECCELLENZA
CHOOSING EXCELLENCE

È quella di creare pavimenti e rivestimenti subito riconoscibili perché unici e speciali: lastre ceramiche di spessore maggiorato (14 mm) o ultrasottili (Kerlite). Una scelta che sta all'origine del brand e che è scaturita dalla volontà di porre l'eccezione estetica e tecnica al di sopra di tutto, senza compromessi. Ecco perché Cotto d'Este continua a innovare, combinando ricerca e tecnologia per offrire ai propri clienti qualcosa di unico. Il miglior prodotto ceramico possibile.

Excellence is creating floor and wall coverings that are immediately recognisable because they are unique and special: extra-thick (14 mm) or ultra-thin (Kerlite) ceramic slabs. This choice is a cornerstone of the brand, stemming from a desire to prioritise aesthetic and technical excellence above everything, without making any compromise. This is why Cotto d'Este continues to innovate, combining research and technology to offer its customers something unique. The best ceramic product possible.

SUPERFICI DAL REALISMO ESTREMO

La scrupolosa selezione dei modelli naturali e le più avanzate tecnologie di decorazione digitale portano all'estremo il realismo dell'interpretazione che Cotto d'Este fa di otto tra i più raffinati marmi esistenti in natura.

FINITURA GLOSSY SU SPOSSORE 3,5 MM

Unica sul mercato, Cotto d'Este propone la finitura lucida specchiante su superfici ceramiche spesse solo 3,5 mm: un traguardo reso possibile dalla costante propensione all'innovazione di un brand che ha sempre creduto nel legame tra superiorità tecnica e distintività estetica.

RINFORZATA CON FIBRA DI VETRO

Lo speciale processo produttivo e la stuoia in fibra di vetro applicata sul retro delle lastre di Kerlite assicurano al ridottissimo spessore delle superfici ceramiche Starlight una straordinaria extra-resistenza.

KERLITE E BLUSTYLE, INFINITE POSSIBILITÀ APPLICATIVE

Gres laminato ultrasottili Kerlite e gres porcellanato Blustyle: una sinergia fra tecnologie ceramiche che mette a disposizione dell'architettura e dell'interior design una gamma integrata di strumenti progettuali esente da compromessi estetici, articolata come su 2 spessori (9 mm e 3,5 mm), 2 finiture (Smooth e Glossy) e 4 formati, tra i quali l'imponente lastra 120x278 cm.

10 ANNI DI GARANZIA

Starlight è sinonimo di una scelta sicura: la garanzia con la quale da sempre Cotto d'Este copre le proprie collezioni attesta un know-how industriale e un'esperienza commerciale solidi e affidabili.

TECNOLOGIA ANTIBATTERICA PROTECT®

Un'esclusiva tecnologia di Panariagroup che garantisce una protezione antibatterica potente, attiva 24 ore su 24 anche in assenza di luce solare ed eterna perché integrata in modo permanente nel prodotto.

An authentic wonder of nature. The fascinating travertine marble was the inspiration for this new range of porcelain tiles. The travertine effect has the same look of marble, but without the risk of staining and with a more uniform pattern and color scheme.

PARIS with the graphic stone from white to light beige, following the direction of the veins, creating that perfect stone with all the details and textures of natural travertine.

LONDON with the graphic stone in dark grey, creating the same effect as the previous one, but with a more modern and sophisticated look.

LONDON & PARIS EXTENDED - collection, we can find the previously mentioned travertine effect, but with a more modern and sophisticated look.

R-Evolution

CASALGRANDE PADANA

R-evolution nasce da **un'appassionata ricerca** sulla materia e sulle tonalità, che ridefinisce il design di ogni tipo di ambiente, donandogli una sofisticata personalità. **La materia:** il cemento, contemporaneo, deciso, ingentilito da un effetto nuvolato di alto valore estetico e cromatico. **Le cromie:** a quelle classiche, che richiamano, con numerose nuances, la materia di riferimento, si affianca una palette creativa di tonalità inattese che esaltano la creatività ed amplificano il panorama degli ambiti di applicazione.

R-evolution is the result of our passionate research **on materials and shades, which provides any setting with a sophisticated personality.** The material: **concrete, contemporary, bold, softened by a Nuvolato effect of high aesthetic and chromatic value.** The shades: **in addition to classic ones that hint at the reference material with many nuances, there is a creative palette with unexpected shades that enhance the character of any setting.**

PANGEA

PANGEA evokes the origin of everything. Each tile in this collection carries a unique story: the story of the Earth itself. Inspired by the creation of the continents up to the present day, each piece represents a fragment of our origins. With its 22.3x22.3 cm format and clay-like appearance, the PANGEA collection combines warm tones and natural textures to become a symbol and chronicle of our roots. Available in three colors, PANGEA offers two distinctive decorations: one more classic, with a single leaf pattern, and another more contemporary with a modern dotted pattern. These details provide versatility and style, allowing each space to transform into a reflection of our rich hereditary heritage. The PANGEA collection not only breathes space but also tells the story of our planet, connecting us with the essence of nature and our origins.

PANGEA SAND/22.3

PANGEA nos evoca el origen del todo. Cada azulejo de esta colección lleva consigo una historia única: la historia de la Tierra misma. Inspirada en la creación de los continentes hasta el presente, cada pieza representa un fragmento de nuestros orígenes. Con su formato de 22,3x22,3 cm y su aspecto de barro, la colección PANGEA combina tonos cálidos y texturas naturales para convertirse en un símbolo y una crónica de nuestras raíces. Disponible en tres colores, PANGEA ofrece dos decorados distintos: uno más clásico con un elegante patrón floral, y otro más contemporáneo con un moderno patrón punteado. Estos detalles aportan versatilidad y estilo, permitiendo que cada espacio se transforme en un reflejo de nuestra rica herencia terrestre. La colección PANGEA no solo embellece los espacios, sino que también narra la historia de nuestro planeta, conectándonos con la esencia de la naturaleza y nuestros orígenes.

setting. Each tile in this collection carries a unique story: the story of the Earth itself. Inspired by the creation of the continents up to the present day, each piece represents a fragment of our origins. With its 22.3x22.3 cm format and clay-like appearance, the PANGEA collection combines warm tones and natural textures to become a symbol and chronicle of our roots. Available in three colors, PANGEA offers two distinctive decorations: one more classic, with a single leaf pattern, and another more contemporary with a modern dotted pattern. These details provide versatility and style, allowing each space to transform into a reflection of our rich hereditary heritage. The PANGEA collection not only breathes space but also tells the story of our planet, connecting us with the essence of nature and our origins.

PANGEA nos evoca el origen del todo. Cada azulejo de esta colección lleva consigo una historia única: la historia de la Tierra misma. Inspirada en la creación de los continentes hasta el presente, cada pieza representa un fragmento de nuestros orígenes. Con su formato de 22,3x22,3 cm y su aspecto de barro, la colección PANGEA combina tonos cálidos y texturas naturales para convertirse en un símbolo y una crónica de nuestras raíces. Disponible en tres colores, PANGEA ofrece dos decorados distintos: uno más clásico con un elegante patrón floral, y otro más contemporáneo con un moderno patrón punteado. Estos detalles aportan versatilidad y estilo, permitiendo que cada espacio se transforme en un reflejo de nuestra rica herencia terrestre. La colección PANGEA no solo embellece los espacios, sino que también narra la historia de nuestro planeta, conectándonos con la esencia de la naturaleza y nuestros orígenes.

The project features six original 3D porcelain stoneware coverings that give surfaces a special three-dimensional effect, creating unexpected tactile sensations and aesthetic perceptions. Thanks to the visual movement created by the reliefs, the result of our technological expertise, the coverings come to life and play with light, creating striking contrasts of light and shadow. The innovative approach unleashes all the expressive potential of porcelain with surprising aesthetic results, enhancing the nature of the material and offering new installation possibilities. The available shapes range from the elegant herringbone pattern to the traditional groove, passing through various types of engraved lines to the natural hammered effect. Solutions designed to be flexibly installed both on walls and to enhance architectural volumes or furniture elements.
